Main purpose of this most important psychiatric event in our country is to bring together experts in psychiatry from Bosnia and Herzegovina, region as well as Europe and worldwide to discuss about main Congress theme **“Psychiatry and Mental Health: Dilemmas and Perspectives”**, from different points of view (please, see attached flyer of the 1<sup>st</sup> Announcement).

IV Congress will be held under the patronage of the European Psychiatric Association and is supported by the World Psychiatric Association as WPA Co-sponsored event. As a part of traditionally close collaboration with EPA, during the Congress will be organized EPA National Psychiatric Associations (NPAs) Symposium and EPA Itinerant CME Course “Recognizing and Assessing Negative Symptoms in Patients with Schizophrenia” led by Professor Armida Mucci (Italy).
